## About Me

MPhil on Philosophy of Science and Bachelor degree in Economics graduated with honors, both studied in the National Autonomous University of Mexico (UNAM). Digging and specializing in security and corporate threat intelligence. I'm currently working on incident attending related to financial, fiscal, credit records, commercial, judicial and communication information, and open source intelligence. I'm starting a new full online-bachelor in Informatics due to my recently discovered interest on the cybersecurity field.

---
